A Note from the Parkway Alumni Association Board President

Dear Parkway Alumni,

As a valued member of our alumni community, I am reaching out to share some exciting news and extend an invitation to join us in a meaningful initiative.

At your alma mater, we take great pride in our rich tapestry of diversity and inclusivity, which has long been a cornerstone of our institution's values. We firmly believe in the importance of supporting the needs of all students, regardless of their backgrounds or circumstances, and equipping them with a strong education for future academic success.

It is with this commitment in mind that we are thrilled to announce the launch of our annual Granting Dreams program. Through this initiative, we will be distributing numerous grants to current students, providing them with financial assistance to pursue their educational aspirations. These grants will cover a wide range of experiences and extracurricular activities, among others.

The Granting Dreams program embodies our dedication to fostering an environment where every student has the opportunity to thrive and achieve their full potential. By offering financial support to Parkway students, we aim to remove barriers to education and empower our students to succeed academically and beyond.

As esteemed members of our alumni community, your support plays a pivotal role in making this program a success. Your generosity can make a tremendous impact on the lives of current students, enabling them to pursue their dreams and build a brighter future for themselves.

We invite you to join us in championing this worthy cause by making a contribution to the [Granting Dreams](#) program. Your support will not only benefit individual students but also contribute to the continued success and excellence of our institution as a whole.

Together, let us celebrate our diverse community and uphold our commitment to providing a world-class education that transforms lives. Thank you for considering this opportunity to give back and make a difference in the lives of our students.

For This Generation,
Dr. Tom Smith
