

Welcome to Alight Worklife™

Your new health and wellness benefits portal

When you log in to the Alight Worklife portal for the first time, you'll immediately notice a lot has changed to enhance your experience! To get you comfortable with your new surroundings, here are a few highlights of the new areas:

Your Recommended Shelf

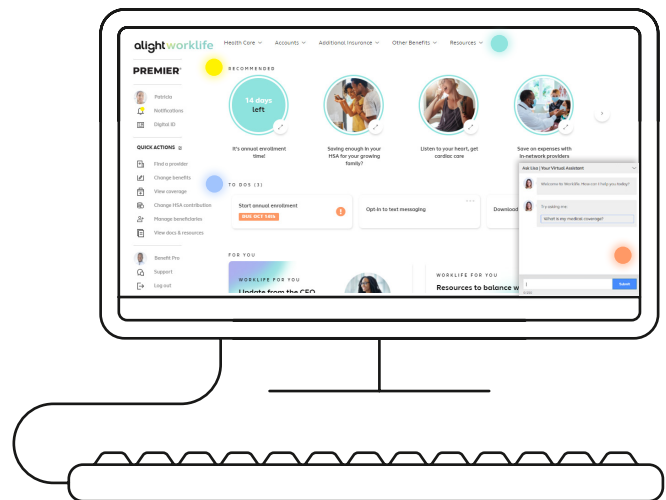

Personalized articles, recommendations, and important information will appear at the top of your page when you log in to help you keep track of important messages or areas that you should explore.

Your To-Dos

Items that require action (e.g., completing an enrollment) will appear here. Urgent time-sensitive tasks will appear first. Tasks can also be dismissed.

Accessing Your Plan Details Pages

At the top of the page, you can access all the details to your benefit plans, including links or relevant downloads.

Accessing your Personal Assistant, Lisa

Introducing Lisa, your personalized virtual assistant! If you have any questions or need help navigating the site, click on the “Need Help” button the page to launch Lisa’s chat window.

Important!

- Although the URL has changed, you will still use the same SmartBen username and password credentials
- None of your personal and benefit information has changed, so there is no need to re-enter any of your information
