The ABCDs of Medicare

This is a Medicare Advantage plan with Part D.

Medicare is a federal government health insurance program available to people:

- Over age 65.
- Under age 65 with certain disabilities.
- With end-stage renal disease (ESRD).
- With amyotrophic lateral sclerosis (ALS), also called Lou Gehrig's disease.

Medicare comes in parts, known as A, B, C, and D

Part A (hospital insurance) comes from the government.

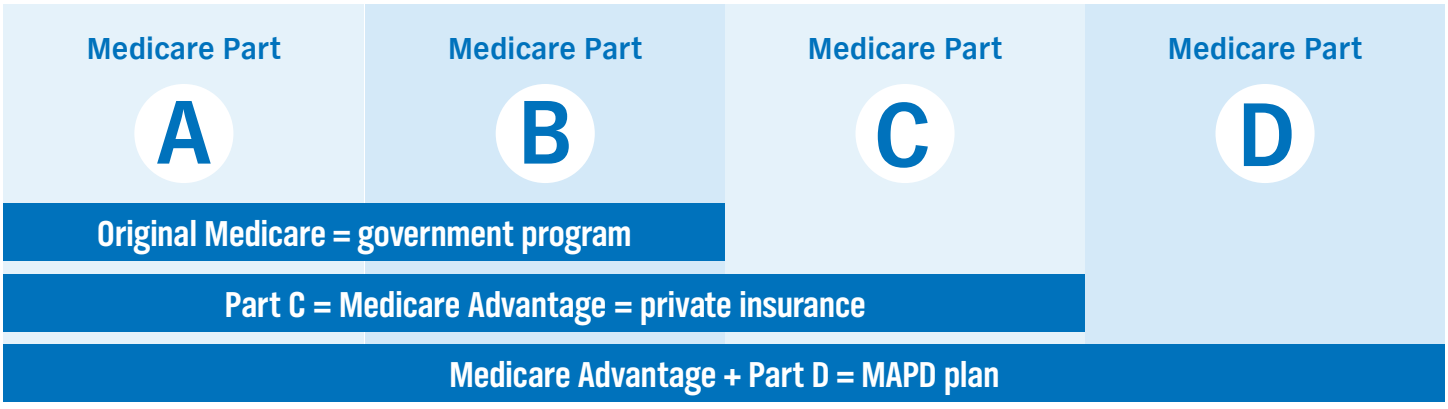
Part B (medical insurance) comes from the government.

Together they are called **Original Medicare**, the government program.

Part C (Medicare Advantage) covers Parts A and B, plus offers additional benefits. It only comes from private insurance companies like ours.

Part D (prescription drug coverage) covers drugs and only comes from private insurance companies like ours. When combined with Part C, it is known as a Medicare Advantage plan with prescription drug coverage (MAPD).

You can learn more about Medicare at **www.medicare.gov** or **1-800-MEDICARE** (**1-800-633-4227**), TTY: **1-877-486-2048**, 24/7.



Safeguards and savings with Medicare Advantage

For medical care, drugs, and the unexpected, Medicare Advantage plans offer you an advantage compared to Original Medicare.

As a Medicare Advantage member, there is a limit set on how much you'll spend out of pocket each year on medical expenses. Medicare Advantage plans also often use fixed prices that help you anticipate costs.

If something unexpected happens while traveling outside of the United States, Medicare Advantage members have emergency care coverage.

Medicare Advantage prescription drug coverage is something Original Medicare doesn't offer. Whether or not you take prescription drugs, you'll have the coverage in place if you need it.

You can secure these additional benefits when you enroll in a Medicare Advantage plan like this one.

Original Medicare	Medicare Advantage
No limit to medical costs members pay annually — no annual out-of-pocket maximum	**Plan pays 100%** of covered medical costs for rest of plan year after max out-of-pocket met*
Members pay **percentages of costs** (20% coinsurance for common services like outpatient surgery and doctor visits)	Members often pay copays (**fixed dollar amounts**) for more transparency
No emergency care coverage outside of U.S.	**Emergency care** is covered outside of U.S.
No Part D prescription drug coverage	Many plans include **drug coverage**

Plan definitions

These frequently used terms may appear in your Benefits Charts and this guide.

Care

Facility A location for receiving care. Examples: hospital, skilled nursing facility (SNF), imaging center.

Inpatient care Medical treatment for someone formally admitted to a facility with a doctor's order. Without a doctor's order, it may be considered outpatient care, even if you stay overnight.

Outpatient care Medical treatment for someone not admitted to a facility. May take place in a doctor's office, clinic, or hospital outpatient department.

Preventive care Services and treatment to prevent illness or injury. Examples: Annual Wellness Visit, screenings, diet or exercise counseling.

Primary care provider (PCP) A general practice doctor who treats basic medical conditions and is often the first doctor patients see for health concerns.

PCPs provide checkups, vaccinations, and screenings. They help diagnose conditions and refer to specialists when needed.

You are not required to select a PCP.

Provider A medical professional who provides care. Examples: doctor, specialist, physician assistant, nurse practitioner, nurse.

Cost

Allowed amount The maximum amount the plan pays for each covered service.

Annual out-of-pocket maximum (or max OOP) Maximum amount you pay for medical costs each plan year. After paying the max OOP, you pay nothing for covered services until the next plan year. Copays, coinsurance, and deductibles count toward the max OOP, but not all costs do.

Benefits Charts The complete list of medical care and drugs the plan covers. They appear in the back of this guide.

Coinsurance* A percentage you pay for covered services or drugs after paying your deductible. The plan pays the rest.

Copay* A fixed dollar amount you pay for covered services or drugs after paying your deductible. The plan pays the rest.

Cost share* (also called "cost-sharing amount" or "your share of the costs") Usually a copay or coinsurance, this is the amount you pay for covered services or drugs, while the plan pays the rest.

Covered services and drugs Medical care and drugs your plan pays for under the plan terms.

Deductible* The fixed dollar amount you pay for medical care or drugs before the plan begins to pay.

This plan does not have a deductible. You pay only your cost share once your membership starts.

Drug highlights and savings

Using covered medications and plan pharmacies can save you money.

Covered medications

We cover generic, brand name, and specialty drugs that Medicare Part D allows us to cover, plus even more than Medicare lets us. These additional drugs are called our Extra Covered Drugs. You can call our **First Impressions Welcome Team** to receive a full list of covered drugs and plan pharmacies. We can also check coverage of specific drugs and pharmacies over the phone.

Choosing covered generic drugs may save you money without sacrificing effectiveness. Generics have the same active ingredients and effects as brand name drugs, generally without the higher cost share. Generic drugs on our Select Generics list have a $0 copay.

Plan pharmacies

You have options and savings with our pharmacy network and mail-order pharmacy.

You'll save by filling prescriptions at any of our 65,000 plan pharmacies. Most national chains and many local pharmacies are in our National Discount Network.

Our mail-order pharmacy service can save you both time and money by mailing supplies of up to 90 days, often for less than if you were to fill a 90-day supply from a retail pharmacy.

Prescription drug coverage with Part D

This plan includes prescription drug coverage, also called Medicare Part D. All of our covered drugs appear on a drug list, called the *Part D Formulary*. This plan also covers drugs beyond those that Medicare allows, which appear on a separate list called *Extra Covered Drugs.*

If you take a drug that is not covered, you have three options. You can:

1. Ask your doctor to switch you to a covered drug.
2. Request an exception.
3. Request a temporary supply while discussing other drug options with your doctor.

Our **First Impressions Welcome Team** is available to check the drug list and estimate costs.

Covered drugs are divided into levels, or tiers. Drugs on the **lowest-numbered tier generally cost less**, while drugs on the **highest-numbered tier generally cost the most**. All of the tiers contain drugs that we cover based on their safety and effectiveness. This chart provides an overview of how the tiers and pricing generally work.

Drug type	Description	Possible tier coverage[2]	Cost
Generic[1]	Same active ingredients and effects as brand name drug without the brand name	Tier 1	$
Preferred brand name	Safe and effective brand name drugs that may not have a generic alternative	Tier 2	$ $
Nonpreferred brand name	Less commonly used brand name drugs that usually have a generic alternative	Tier 3	$ $ $
Specialty	Cost over $830 for 30 days. May require special handling.	Highest tier	$ $ $ $

1 High-cost generic medications may also appear on the same tiers as brand name medications. Please consult the formulary for specific tier details.

2 Some drug lists divide generic drugs into two tiers. For those lists, the tier number increases by one for all tiers after the first. For example, Tier 1 becomes Tier 1 and Tier 2, and the numbering continues up the tiers.

Hospice care You may receive care from any Medicare-certified hospice program. You are eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you're terminally ill and have six months or less to live if your illness runs its normal course. Your hospice doctor can be an in-network provider or an out-of-network provider. For hospice services and for services that are covered by Medicare Part A or B and are related to your terminal prognosis: Original Medicare (rather than this plan) will pay for your hospice services and any Part A and Part B services related to your terminal prognosis. While you are in the hospice program, your hospice provider will bill Medicare for the services that Original Medicare pays for. Services covered by Original Medicare include: • Drugs for symptom control and pain relief • Short-term respite care • Home care Our plan covers hospice consultation services (one time only) for a terminally ill person who hasn't elected the hospice benefit. For services that are covered by Medicare Part A or B and are not related to your terminal prognosis: If you need nonemergency, nonurgently needed services that are covered under Medicare Part A or B and that are not related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan's network: • If you obtain the covered services from an in-network provider, you only pay the plan cost-sharing amount for in-network services. • If you obtain the covered services from an out-of-network provider, you pay the plan cost-sharing for out-of-network services. Emergency care Emergency care refers to services that are: • Furnished by a provider qualified to furnish emergency services, and • Needed to evaluate or stabilize an emergency medical condition. Emergency outpatient copay is waived if the member is admitted to the hospital within 72 hours for the same condition. A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse. This coverage is worldwide and is limited to what is allowed under the Medicare fee schedule for the services performed/received in the United States. Covered services	What you must pay for these covered services	
	In-Network	Out-of-Network
Medicare-approved clinical research studies A clinical research study is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. They test new medical care procedures or drugs by asking for volunteers to help with the study. If you participate in a Medicare-approved study, Original Medicare pays the doctors and other providers for the covered services you receive as part of the study. Although not required, we ask that you notify us if you participate in a Medicare-approved research study.	After Original Medicare has paid its share of the Medicare-approved study, this plan will pay the difference between what Medicare has paid and this plan's cost-sharing for like services. Any remaining plan cost-sharing you are responsible for will accrue toward this plan's out-of-pocket maximum.	
Annual out-of-pocket maximum All copays, coinsurance, and deductibles listed in this benefits chart are accrued toward the medical plan out-of-pocket maximum with the exception of the routine hearing services, routine vision services, and the foreign travel emergency and urgently needed care copay or coinsurance amounts. Part D Prescription drug deductibles and copays do not apply to the medical plan out-of-pocket maximum.	$3,400 Combined in-network and out-of-network	

* Some services that fall within this benefit category require prior authorization. Based on the service you are receiving, your provider will know if prior authorization is needed. This means an approval in advance is needed, by your plan, to get covered services. In the network portion of a PPO, some in-network medical services are covered only if your doctor or other in-network provider gets prior authorization from our plan. In a PPO, you do not need prior authorization to obtain out-of-network services. However, we recommend you ask for a pre-visit coverage decision to confirm that the services you are getting are covered and medically necessary. Benefit categories that include services that require prior authorization are marked with an asterisk in the Benefits Chart.

Vaccines for Flu, including H1N1, and Pneumonia are covered under Medicare medical coverage. Vaccines for Chicken Pox, Shingles, Tetanus, Diphtheria, Meningitis, Rabies, Polio, Yellow Fever, and Hepatitis A are covered under Medicare drug coverage. Hepatitis B is covered under drug coverage unless you fall into a high risk category, then it is covered under medical coverage. Other common vaccines are also covered under Medicare drug coverage for Medicare-eligible individuals under 65. You can fill your vaccines at a network pharmacy or they can be administered at a physician's office. However, the physician will only submit a claim for a Part B vaccine. If you want to get a Part D vaccine at your physician's office you will pay for the entire cost of the vaccine and its administration and then ask your drug plan to pay its share of the cost. Please see your Evidence of Coverage for complete details on what you pay for vaccines.

Your rights, protections, and Medicare options

As a Medicare beneficiary, you have many rights and options put in place to protect you as a consumer. You have choices. As a Medicare beneficiary, you can choose between:

- The Original (Fee-for-Service) Medicare plan.
- A Medicare health plan like the one offered in this guide.

You may have other options

The important thing to remember is that the choice is yours, keeping in mind that you may be able to join or leave a plan only at certain times. Please note that if you do not take your retiree benefits, it may affect other retiree benefits your group sponsor offers. No matter what you decide, you may still be eligible for the Original Medicare program.

Geographic service areas covered by this plan

This plan offers coverage in our Centers for Medicare & Medicaid Services (CMS) defined geographic service area of all 50 states, Washington, DC, and all United States territories.

Your Medicare protections

The plan must offer Medicare benefits to you for a full calendar year at a time, although benefits and cost sharing may change from year to year. The plan provider can decide each year whether to keep offering Medicare Advantage plans, or whether or not to continue offering plans in specific geographic areas like yours.

Also, Medicare may decide to end our contract.

If for some reason this plan is discontinued, we will send you a letter at least 90 days before your coverage ends explaining your options for Medicare coverage in your area.

For more information on the options and rights you have as a Medicare Advantage member with this plan, please contact our **First Impressions Welcome Team** and ask for a copy of the *Evidence of Coverage (EOC)*.

Extra Help from Medicare

You may be able to find help to pay for your prescription drugs and other Medicare costs. If you qualify for Medicare's Extra Help and are enrolled in a Part D plan like this one, Medicare can pay up to 100% of your prescribed drugs. This can help offset your drug plan's monthly premium, plus coinsurance and copays for covered prescription drugs.

Extra Help can also close any drug coverage gaps and stop late enrollment penalties (LEPs). For more information, visit **www.medicare.gov** or **www.ssa.gov**, or call:

- **1-800-MEDICARE** (**1-800-633-4227**), 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**.
- **The Social Security Administration** at **1-800-772-1213**, Monday to Friday, 7 a.m. to 7 p.m. ET. TTY users should call **1-800-325-0778**.

Required information for this plan year

Information about Medicare

To help you make more informed healthcare decisions, we are providing this important information about Medicare to use as a resource. If you have any questions, please contact our **First Impressions Welcome Team**.

Pay your Medicare Part B premiums

Once you enroll in this plan, you must still pay your Medicare Part B premiums. If you don't, Medicare will terminate your coverage and then you may have to pay a late enrollment penalty if you decide to reenroll.

Enrolling in other plans

If you decide to enroll in other plans, you will be disenrolled from your current plan.

Notifying your group sponsor

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Social Security information.

What to know about a drug list

A drug list is a list of drugs covered by the plan. We choose our list to provide good prescription coverage and a good value to you, as well.

Your full Benefits Charts will tell you if you have an open or closed drug list plan. Open plans cover almost all Medicare Part D eligible drugs, while closed plans cover most.

When new drugs come to market, we conduct a clinical and cost review and may add them to the drug list. To keep plans affordable, every year we may also remove drugs or change the cost you pay for them the following year. But don't worry; we'll notify you first and send you a new drug list when we make these changes.

Important: Check to see if your drug is on the drug list before you go to the pharmacy.

If the drug you take is not on our drug list, you will have to pay the full price of the drug. If that's the case, or if your drug comes with additional requirements or limits, you may be able to receive a temporary supply. We will notify you once the temporary supply is dispensed. You will have to contact your doctor and ask if you can switch to a different drug listed on our drug list.

About IRMAA and your income level

If your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit, you must pay an income-related monthly adjustment amount (IRMAA) in addition to your monthly plan premium.

The Social Security Administration will contact you if you have to pay an IRMAA, which you must pay to them, not us.

High-income surcharges

If you must pay a high-income surcharge on your Medicare Part B or Part D premium to the Social Security Administration, please be sure to do so to avoid a mandatory disenrollment.

This guide is intended to be a brief outline of coverage and is not intended to be a legal contract. In the event of a conflict between the Benefits Charts/*EOC* and this guide, the terms of the Benefits Charts and *EOC* will prevail.

Coordination of Benefits (COB) letter

If we receive Coordination of Benefits (COB) information from CMS, we are required to send a letter to you requesting verification of the other coverage information. The benefit verification letter we send will include information from CMS, including any other coverage that needs to be verified. Separately, we could receive COB information from other reporting sources in addition to CMS.

If the information is not correct in the letter, you can call Member Services or you can fill in the correct information on the letter and return it to the plan for processing.

If a response is not received within 21 days, the information on the letter is considered to be accurate.

If the previous carrier does not notify CMS of the previous plan termination prior to the plan enrollment process, a COB letter could be triggered for the plan that was just terminated.
