

How to Access the CareATC Mobile App

Sign in with your username and password

You can use the info on your PHA summary to login the first time from your desktop computer at careatc.com/patients. This will allow you to re-set your password, and you will be able to access the mobile app. **If you do not have a PHA summary or you will need assistance logging in, you may call 800.993.8244 for a temporary username and password.**

Download the CareATC Mobile App

Scan the QR code or search for 'CareATC' in the Apple or Android app store.

Use the app

From the main menu you can view PHA results and PHA Live and much more!

If you have any questions, or need further assistance, please call 800.993.8244
