Dr. Courtney Yeager, Middle Level Coordinator – ELA & SS

### Online Resources Support Student Learning in Middle Schools

Welcome to middle school! We have a number of web-based resources available to Parkway middle school students. In addition to the resources we have always had, students now have access to dynamic digital resources that ignite curiosity and enhance learning.

As new discoveries are made and significant events occur, these digital resources can be updated in real time; this gives students more relevant and current information and provides additional opportunities for students to think like scientists, historians and mathematicians.

The online resources feature digital content for students including interactive texts and glossaries, videos, virtual and hands-on labs and investigations that can be accessed on any device with an internet connection. Teachers will be sharing access and bookmark information with students in the coming weeks.

These resources can all be found via Clever, our single sign on platform:

<https://clever.com/in/parkwaysd>

#### Online Resources:

6th Graders	7th Graders	8th Graders
Math and Science: Discovery Education Techbooks	Math and Science: Discovery Education Techbooks	Math Science: Discovery Education Techbooks
World Geography: Discovery Education Techbooks National Geographic (Cengage)	Ancient World History: Discovery Education Techbooks McGraw Hill (Connect Ed)	Early United States History: Discovery Education Techbooks

When assigning homework specific to the online resources, teachers will work with individual students to meet his/her at home access needs.

We hope you enjoy exploring these new resources with your student. Please feel free to contact either of us if you have any questions.

Sincerely,

Mrs. Stephanie Valli
