Today is a B day!

After School Activities

No After School Activities

This month we are celebrating Abilities Awareness! This means we are taking into account what people can do rather than what they can't. It is very important to address people by who they really are, instead of labeling them. Remember we put the person before the disability. By doing this we build self- pride, and show that everyone is important.

Happy Birthday

If Today is your birthday make it great!
