

## Personal Identification Number

A Personal Identification Numbers (PIN) is issued to each student and will not change as long as a student is in the Parkway School District. If you are new to Parkway, make sure your student is issued a PIN and make sure it is memorized. Envelopes are located in the front office and school store for students to put money into their accounts. Once money is deposited in an individual's account, he or she may purchase breakfast, lunch, and snacks by entering the PIN at the cashier. Please encourage your child not to share this PIN with anyone.

## Breakfast

Breakfast items are available to purchase before school. The Breakfast café is now located at the snack bar door. Breakfast items include pancakes, egg sandwiches and cereal. If a student arrives late, they can quickly grab a piece of fruit, a whole grain muffin, or a carton of juice for a late-morning snack. Prices range from \$.75 for ala carte to \$3.25 for a complete meal. Students can pay with cash or use their PIN to access their meal account funds.

## Lunch

The regular cost for lunch is \$3.25
