

## 6-3 TEAM NEWS

### **Team E-Learning Assignment Tracker:**

<https://docs.google.com/spreadsheets/d/143x136u5eeoL9KyTX3Djl9K0xKdAwYLCJgvDeY-CoUw/edit#gid=0>

### **English Language Arts**

Students should read for 15-30 minutes every school day and jot in their online Reading and Jotting Journals. They checked out at least three books from the library on the Friday before Spring Break. There are also many online reading resources posted in our Google Classroom. We will also have a variety of short nonfiction and fiction reading assignments using online sites such as NEWSELA and COMMONLIT.

We are finishing up our informational ebooks using either Book Creator or Google Docs by adding text features to the chapters we wrote before break (photo, illustration, diagram, chart, map, headings, subheadings, captions, etc.) Creative writing and short story fiction writing assignments will follow in April and May.

Students will continue to do vocabulary and word work using vocabulary.com, *No Red Ink* and Quizlet.

Our conference hour is Monday-Friday 10:00-11:00  
Please e-mail us with any questions:

Mrs. Oyer

### **Math 6**

Students have reviewed adding, subtracting, and multiplying fractions. They have also learned how to divide fractions. We will be exploring integers next.

My conference hour is Monday - Friday 11:00-11:30

<https://meet.google.com/scp-eibj-iet>

### **Math 6/7**

Students are learning how proportions can be represented in tables, graphs and equations. Next we will be exploring geometric concepts.

My conference hour is Monday - Friday 11:30-12:00

<https://meet.google.com/oce-ebhf-qur>

### **World Geography**

We are exploring a country of our choice in AFRICA

- 3/30 starting Level 2 to research a current event (not the coronavirus) You may want to Google “Current Event 2019 ..(country of choice used in Level 1)... Write in your own words.
- 4/1 start Level 3 slide show to convince family to move to ... (pretend if need to) Make sure to follow directions! When finished paste the link into Google doc and submit.

My conference hour is Monday- Friday from 2:00-3:00 on Google Meet

<https://meet.google.com/fws-esmb-bje>

Email me any time: [JNewell@parkwayschools.net](mailto:JNewell@parkwayschools.net)

Mrs. Newell World Geo (For Mrs. Raymond)

### **Science**

Students will explore the following topics in our current unit.

- The cycling of water through the hydrosphere is driven by energy from the sun and gravity from Earth.
- Water shapes the land over time through weathering and erosion.
- The amount of freshwater on Earth is limited and unevenly distributed.
- Human activity (both negative and positive) impacts water quality & availability.

My conference hour is Monday- Friday from 1:00-2:00 on Google Meet
