# Position: Coding Tutor / Instructor (Code Sensei)

Part Time Up to 25 hours/week | Weekdays

**Who are we?**

Code Ninjas is the nation's fastest growing kids coding franchise. In our center, kids ages 7-14 learn to code in a fun, non-intimidating way – by playing and building video games they love. Kids have a blast and can't wait to come back. Parents are thrilled as their children gain confidence and new skills including coding, math, logic, and problem-solving, as they progress from white to black belt. Our core promise is, *Kids have fun, parents see results.*

**What are we looking for?**

We are looking for a **Code Sensei** to join our team of dynamic, energetic, forward-thinking minds, working toward our common goal: providing a fun and safe learning environment for children. Our senseis are the lifeblood of our Code Ninjas center. This individual oversees the day-to-day coaching and student engagement. *Are you experienced in working with children? Do you enjoy teaching and building problem-solving skills in young engineering minds? Have you mentored youth?* This could be the role for you.

**Responsibilities include:**

- Training – go through the curriculum and learn it
- Create a positive and safe environment in which students can grow
- Work with children to determine skill sets
- Provide feedback to parents after working with a student who is on a tour
- Follow opening/closing duties daily
- Clean dojo throughout the day to ensure cleanliness is kept up to corporate standards
- Report weekly to Executive Director on progress
- Report daily Assistant Center Director with respect to day's activities and productivity in the dojo

**Qualifications:**

- Working history with children ages 7 and up (mentoring, coaching, tutoring etc.)
- Experience working with the general public
- Experience in teaching, mentoring or child care
- Works well with others; collaborates
- Knowledgeable about coding and technology; or able to quickly pick up basic concepts
- Must be fun to work with and like working in fast-paced environments where requirements can change frequently
