

Khan Academy

- Sign on to khanacademy.org/join
- Enter class code: **XV4GXJQG**
- Log in with current account or create an account with your Parkway Email!
- At the top: Search "Logarithmic and Exponential Functions"
- A different way to approach this is to Click on COURSES—Algebra 2. You will then see two units: Exponential Models and Logarithms. You can work on Khan Academy this way too!

Please note: Please work on Khan Academy for **at least 30 minutes for HW**. You may watch videos **and/or** practice problems (exercises).
