*Altman 6" Fresnel*

## PAR CAN

DESCRIPTION: Par Can for wall washing applications, comes with the gel of your choice to create the perfect color to set your mood.

## SCOOP

SIZE: 10" 14" 16" 18"

PURPOSE: multi-purpose ellipsoidal reflector floodlight

DESCRIPTION: The luminaire is used in theatre and television as a flood light where space limitation is a factor. Other uses include puppet theatres, museums and show windows. The scoop is an ideal fixture for set hallway and window backings where color blending and smooth even washes of light are required.

## STRIP LIGHTS

DESCRIPTION: The Chauvet COLORado Batten 144 Tour is a batten-style wash with 144 calibrated red, green, blue, white and amber LEDs and five dimming curves. Dual 15- and 30-degree optics help cover long throws smoothly and evenly. This outstanding linear fixture can serve as an excellent cyc light.

## LEDs

# FOLLOW SPOTS

DESCRIPTION: Follow spots are used in any application where manual control of an intense lighting beam is required to follow a performer and to vary beam size, quality, and color.
