

# Public Speaking Communication Log

Name \_\_\_\_\_

Directions: Over the course of two days, observe different people or groups engaged in communication. This is a sensitive assignment - you are asked to observe and listen in on people's conversations, but DO SO RESPONSIBLY! Don't invade people's privacy, or eaves drop on very personal discussions. Use good judgment.

Find and describe TWO examples that you have observed for EACH PROCESS OF COMMUNICATION. Briefly describe what occurred and WHY you think it is an example of each.
