

We are excited this year to provide activities for our students to support our **Seven Habits of Happy Kids at home!**

These coupons can be given to friends, family members, or neighbors that you want to help. Habit 6 teaches us that, "Together is Better." What can you do with someone else to help out? Make sure to take a picture so you can share your synergizing with your class!

This activity is helping us demonstrate Habit 6: **Synergize**
