

Start connecting your interests with possible occupations

Mentors 4 College presents:

Career Slam 2019

Learn what work is like from professionals doing the job.

- July 23, 2019, 8:30 am -12:00, Parkway Central High School
- Rising 9, 10, 11, 12th grade students and parents invited
- Over 40 professionals from five industries represented:
Healthcare, Communication, Software, Engineering, Business/Entrepreneurs.
You will rotate among your top two areas of interest!

Within each industry there are many occupations. Here's your chance to listen to and interact with multiple professionals in one spot. Start exploring where your interests and future goals lie within an industry. Learn about the education required for each job. Choosing high school classes and college majors makes more sense if you start with an end in mind.

How can I work with patients in healthcare without the time and expense of med school?

Can I work in engineering without loving math?

Are there any communication jobs besides talk show host?

How do I become a game designer or IT professional?

How can I start a business?
