

Viking Educator Award

Mary Agee

As the previous winner of the Viking Educator Award, I nominate Mary Agee as the next Viking Educator Award winner.

Mary's room is across from the PE office and every time I walk by her room I see the wonderful learning happening. Mary has a way with the kids. The way she relates to the kids and her sense of humor make her classroom a great place for learning. It is obvious that the kids enjoy going to science class to see Mrs. Agee. In addition to Mrs. Agee being a wonderful teacher she is also an excellent coworker. She is a great resource for young teachers and has a great wealth of knowledge and experience. I have gone to her about issues I have had numerous times. Her passion for teaching young people is so evident and her enthusiasm is contagious. She is definitely a pillar of NEMS and I have been blessed to get to know her these past 7 years. When I'm having a tough day I know that Mary's smile and good sense of humor will turn my day around. When I come to work in the morning I can hear uplifting music coming from her classroom and Mrs. Agee always says good morning and is always so friendly. I think the students who have had Mrs. Agee are very fortunate to have had such a wonderful teacher. Thank you Mary for all that you have done for our school and our students.
