

# WE'RE HELPING YOUR PARENTS SAVE MONEY...

Great news! MySchoolBucks® now offers OnePay<sup>SM</sup>, an annual savings pass offering more convenience and savings with reduced program fees for parents using MySchoolBucks for meal payments.

## What is OnePay?

OnePay is a discounted program fee payment program for students' lunch accounts. OnePay allows parents to pay program fees upfront from their checking accounts, with unlimited payments for 12 months. Parents can make as many payments as they want, and in any amount – there are no spending limits!

## How will OnePay Benefit Parents?

A parent that normally funds their account every month will pay 9 times per year -- that's \$22.50 per student in program fees. With OnePay, parents can save up to 60% on program fees and fund their account as often as they like with no additional program fees at checkout.\*

OnePay offers the choice of two program fee payment packages: Student for \$12.95/year or the Family Plan for \$26.95/year. Both packages fit into a household budget and provide great value for large families and those who fund their accounts frequently.

## How will OnePay Benefit your School District?

By offering an affordable option to your parents, they are more likely to use the online payments solution with more frequency. Higher participation leads to faster, shorter lines in your cafeteria and eliminates the need for handling cash and check transactions, reducing the risk for loss.

## How does OnePay work?

- To take advantage of the great savings OnePay offers, parents must use their checking account for payment on their program fees.
- Parents select the OnePay option suitable for their family (Student or Family Plan) and pay the set amount.
- Once this is paid, the parent will not have to pay another program fee on their lunch account for 12 months!

\*Example based on a \$2.50 transaction fee; savings may be greater.
