FROM: Carrie Nunn, SFO RE: Executive Summary August 2024

Abstract

The August financial statements are attached for your review. Key highlights include: An increase in Total Local revenue due to the timing of the "In Lieu of Tax" payment, which was received in July & August 2024, compared to the prior year's payment received in October 2023. Interest Revenue is up prior to last year due to a higher reserve. Although further rate reductions from the Federal Reserve are anticipated, should these not materialize, we may need to adjust the interest revenue budget accordingly. Total State revenue has decreased due to the District not receiving any Basic Formula in FY25 due to a higher level of effort but will receive all formula funding under the Classroom Trust formula. A decrease in Federal Revenues is primarily attributed to a delay in Other Federal Entitlements. Revenue for Nutritional Services and Adult Education, typically received in July, will be recognized later in FY25, compared to the July 2023 receipt in FY24. An increase in Classified Salaries represents a raises and lower level of vacant positions; for example, Transportation is currently fully staffed. An increase in Purchase Services is attributed to several factors. Technical Services included a purchase order carryover from the previous year. Property Services increased due to HVAC repairs and large abatement projects. Property and liability insurance payment for FY25, which was made in July 2024, compared to the December payment for FY24. Consumables increase is primarily due to an increase in curriculum textbooks. Capital Outlay saw an increase in Land Improvement for the improvements of the district tennis courts.

Future Issues

The following issues are still pending and could affect district finances in the future:

1. <u>Health Insurance Costs</u> – Health costs are a large portion of our benefit expenses. Our pharmacy benefit manager is through Business Health Coalition and we have substantial savings over market trends for our pharmacy. With the implementation of CVS (Express Scripts (ESI) plan year 2025) as our PBM, we have seen savings and a reduction of the market increases. We opened our near site clinics for our employees and staff effective August 2018 and selected Care ATC as our continued provider. We had no increase in our premiums for 2024 and our only plan change is the change in the HD plan deductible. For the 2025 plan year, rate increases will be implemented—2% for employees and 4% for the district—effective January 1, 2025. These adjustments are necessary to ensure the continued health of our self-insurance fund and sustain long-term cost control.

- 2. <u>Property Assessments Appeals</u> As you are aware this has been a struggle over the last several years. We have seen our collection rate fluctuate due to these settlements. We worked with the state auditor's office and have approved \$6.7 million in recoupment. We are delaying some of the recoupment to future years. Levying \$3.9M for this fiscal year. Our collection rate is lower this year at 95.5% due to an anticipated high protest.
- 3. <u>New Construction Assessments</u> In September we received our final amounts from St. Louis County. We had another strong year with new construction with just over \$45 million in commercial and residential property.
- 4. <u>Interest Income</u> –Our interest from our banking account is budgeted to increase significantly due to the Fed's increasing the treasury rate. August 2024 rate earned is 5.63%.
- 5. <u>State Revenue</u> –DESE will be basing our formula calculation on our attendance from 2023-2024 school year.
- 6. <u>Spot Market Purchases</u> For information purposes, fiscal year-to-date purchases under the spot market procurement policy are as follows:

Fuel (Facilities)	\$ 42,217.01
Fuel (Trans)	\$ 1,306.50
Paper	\$ 34,660.50
