

Alliance for Healthy Communities Annual Report Card 2016

Mission Statement- Engage the community to reduce youth substance abuse and risk for suicide by raising awareness and changing community norms.

Theory of Change- When a community organizes around shared resources and multiple strategies to address underage drinking and youth drug abuse, the patterns and consequences of these behaviors will be reduced.

Essential Purpose- Alliance for Healthy Communities exists as the organizing platform upon which community partnerships and collaborations targeting reductions in underage drinking and youth drug abuse can succeed.
