PAY STEPS

Prior to July 2020, individuals were on Steps 6 through 15 for two years (each step) requiring 24 years to advance from Step 1 through Step 15. Effective with the 2020-2021 school year, pay steps were accelerated so that employees on steps as of January 31 of each year, will advance to the next step the following school year. Individuals on Step 1 can now reach the top step in 16 years.
