

MODERN AND CLASSICAL LANGUAGES

The Modern and Classical Language program has been designed to achieve two major goals. The first one is to offer students the opportunity to develop proficiency in a second language and culture so that they can acquire skills, knowledge, and empathetic attitudes important for living and working in a multi-lingual, multi-cultural world. The second goal is to develop students' insight into their own language and culture so that they can increase their knowledge about the English language and their understanding of their own society.

To achieve these goals, an articulated sequence of courses, from Level 1 to Level 5, is offered in several modern languages and one classical language. Learning a second language will also serve the purpose of meeting college entry requirements or recommendations in foreign language.

All Level 4 courses have Honors option and are for junior and seniors. All Level 5 courses are designated Honors courses. Juniors and seniors who qualify may have the option of earning college credit. See department leader.
